SBG SOLUTION MODULAR SYSTEM.

Design Concept

Our company is specialized to create and develop well-organized storage and transportation systems within our equipment.

We have corporate responsibility so we manufacture our products with great ecological responsibility reducing the environmental footprint in each of our factories.

SBG

SBG SECURITY

SBG IS THE PERFECT PARTNER TO MANAGE CLINICS AND HOSPITALS.
Our commitment is to present products that help to manage and organize
your clinic or hospital. with our multi-module combination modules to improve
product features and compatibility, easy to clean more health care,
saving medical staff labor.Focusing on low carbon ecology, we choose
environmentally friendly powder coatings.

Standardized storage and transport tools, In these tools it is easy for secondary contamination to occur during the transit process.
The storage of all types of drugs and instruments is subject to strict warehouse management standards.

With basic storage and transfer facilities such as shelving, trays, cabinets, etc., delicatessen management facilities are deficient.

The degree of standardization of storage facilities is different. The various departments have great differences and disadvantages for unified
management.

Storage and sorting efficiency needs to be improved.

Part of the structure of storage products is old, the internal structure is complicated, it is not easy to clean and disinfect. Therefore,
Sostecasas Business Group presents the most innovative systems to improve the work in medical centers.

Various accessories, customized functions

The integrated solution of trolley, table, cabinet medical furniture
Simpler and more direct visual management

The impression of people is 80% from the eye, and the scientific visual management is essential to storage management. Medical store visual management refers to the use of the image of an intuitive storage partition color use, improves visual perception, which is a scientific management method to improve the labor productivity and accurcy, it combined with classificationo box, label, become an important part of medical lean management. Job satisfaction increased by more than 20%.

Electronic Disposable Storage Solution

Product Name: Electronic medicine cabinet (Master cabinet)

Model NO	SBGS SL
Dimension	L695*W550*H1850mm
Screen	13 inch Temperature and humidity screen display
System Management	Fingerprint entry settings; IC card entry settings; Access control management combined with IC card and fingerprint; Time and date settings
Functions	(1)Ultraviolet: ① Ultraviolet time disinfection setting ② Ultraviolet time disinfection ③ Ultraviolet time switch; (2)Temperature and humidity: ① Temperature and humidity status display ② Temperature and humidity alarm setting ③ Temperature and humidity exceed standard alarm; (3)Cabinet door: ① Electronic switch door (swiping card, fingerprint) ② Automatic switch light
Voltage	220V, 50HZ
Standard Accessories	Temperature and humidity sensor; Backup key lock; 4pcs LED lights; 15W, 1pc UV disinfection lamp, 18W; Swivel casters with brake; 7pcs white transparent medicine boxes; 5 groups(35pcs) ABS medicine boxes
Optional Accessories	Electrically controlled visual glass; 50mm/100mm/200mm height blue medicine box; Stainless steel wire baskets

Product Name: Electronic medicine cabinet (Affiliated cabinet)

Model NO	SBGSL
Dimension	L695*W550*H1850mm
System Management	Access control management combined with IC card and fingerprint;
Functions	(1) Ultraviolet: ① Ultraviolet time disinfection setting ② Ultraviolet time disinfection ③ Ultraviolet time switch; (2)Cabinet door: ① Electronic switch door (swiping card, fingerprint) ② Automatic switch
Voltage	220V, 50HZ
Standard Accessories	Backup key lock; 4pcs LED lights, 15W; 1pc UV disinfection lamp, 18W; Swivel casters with brake; 7pcs white transparent medicine boxes; 5 groups(35pcs) ABS medicine boxes
Optional Accessories	Electrically controlled visual glass; 50mm/100mm/200mm height blue medicine box; Stainless steel wire baskets

Product Name Electronic disposable storage cabinet (Master Cabinet)

Model NO	SBGSL351A
Dimension	L695*W550*H1850mm
Screen	13 inch Temperature and humidity screen display
System Management	Fingerprint entry settings; IC card entry settings; Access control management combined with IC card and fingerprint; Time and date settings
Functions	(1)Ultraviolet: ① Ultraviolet time disinfection setting ② Ultraviolet time disinfection ③ Ultraviolet time switch; (2)Temperature and humidity: ① Temperature and humidity status display ② Temperature and humidity alarm setting ③ Temperature and humidity exceed standard alarm; (3)Cabinet door: ① Electronic switch door (swiping card, fingerprint) ② Automatic switch light
Voltage	220V, 50HZ
Standard Accessories	Temperature and humidity sensor; Backup key lock; 4pcs LED lights, 15W; 1pc UV disinfection lamp, 18W; Swivel casters with brake; 5pcs pull out partitions
Optional Accessories	Electrically controlled visual glass; 50mm/100mm/200mm height blue medicine box; Stainless steel wire baskets

Product Name Electronic disposable storage cabinet (Affiliated Cabinet)
